Sale Contract and Health Guarantee

Buyer must agree to the following conditions of the sale: Your puppy has been examined by a licensed veterinarian prior to your purchase and is warranted to be in good health. To keep this limited warranty in effect, you must have your puppy examined by a licensed veterinarian within 3 days after purchasing it. A diagnosis of coccidiosis giardia, parasites, or any other type of bacterial infection does not render your puppy unhealthy. Your guarantee does not cover the above mentioned conditions or non-life-threatening or temporary disorders such as: hypoglycemia, uneven bites, undescended testicles, cherry eyes, hernias, or patellar dislocations. No veterinarian fees for any exams or conditions will be paid for by seller.

In the event your puppy does not pass the initial exam, you must notify us IMMEDIATELY. If your puppy is diagnosed with parvo, an IGG and IGM blood antibody titer test must be done with the results furnished to us. We will replace your puppy with the first available puppy at equal quality. No part of the purchase price will be refunded.

In addition, your puppy may be returned for up to one year from the date of birth for all life-threatening or permanently debilitating hereditary and congenital disorders. We must have a certified written veterinarian diagnosis with all costs the responsibility of the purchaser.

No guarantee is made as to the ability to breed, show quality, size, coat quality, temperament, or adaptability. Any veterinarian's diagnosis shall be subject to confirmation by a veterinarian chosen by the seller.

Buyer has read and understands the guarantee in its entirety. All sales are final.
